**Helen Kapalos** is a journalist and the Chairperson for the Victorian Multicultural Commission. Helen is also an executive producer and filmmaker who has worked for major free-to-air broadcasters. A proud Greek Australian, Ms. Kapalos is passionate about supporting Victoria's culturally diverse communities and has worked in a number of philanthropic roles prior to joining the VMC, including as a Director at the Heart Foundation, Director of Federation Square, Ambassador for the Ovarian Cancer Research Foundation, and Ambassador with Community Languages Australia.

We also welcome **Allan Rich**, an award-winning and highly successful entrepreneur. In late 2009 Allan purchased a small failing cake business called Cottage Cakes, and a new journey commenced leading to the Susan Day acquisition and his business partner Gus Cantone joining in 2011. In 2014 Susan Day Cakes acquired Big Sister Foods resulting in the consolidation of two of Australia's most iconic brands. The consolidated business created Australia's largest packaged cake producer by tonnage - 15,000 tons and shipping 35 million packets of cakes all over Australia every year to each of the nation's major retailers, namely, Coles, Woolworths and Aldi.
